VOLUNTERES ARE THANKED BY MAYOR

Appreciation For Assistance in
Fighting Carr Fire Last Week
Expressed at Council Meeting

NEW EQUIPMENT IS NEEDED

Fire Chief Williamson Makes Report
Showing Requirements of Department—New Patrolman on Duty

The city council, which met in regular session last night, discussed the fire a week ago which destroyed the Carr building, and Mayor Seudder on behalf of the firemen expressed thanks and appreciation to Mayor Reider, Fire Chief Gregg and the firemen from Connersville who came to the assistance here, as well as to Samuel Finney, Bert Osborne and Jerome Caron, who volunteered their services as firemen in the thickest of the flames.

Mayor Seudder stated that the city firemen and members of the water and light plant force also should be commended, but he especially wanted to point out those who contributed in the fight. The city employees are paid for such work, but he highly commended them for being ready to meet the emergency when most needed.

In discussing the fire, a report was read from Fire Chief Williamson, in which he suggested the purchase of 500 feet of hose, two more nozzles, and several other tools which he said are needed. The report was referred to the fire committee, and they will investigate the needs. The report on hose gave an itemized account of each 50 feet and with the date of the purchase. Some of the hose in use the other night was bought in 1911, and this should be replaced with newer hose, the report stated. The fire chief stated that he had on hand 2900 feet of good hose.

The oiling of the city streets has been completed for this year, it was announced at the meeting last night. Every street has been oiled and in several of the unpaved alleys downtown, the oil was also placed.

The police committee announced that William Jenkins had been appointed as a patrolman to succeed Sam Brown, who resigned about a week ago. Jenkins has had over 30 years experience on the Chicago force and has served here several times recently as an extra policeman. He took up his new duties last Friday, and will be on the night shift for the present.

Mayor Seudder handed in his report covering the period from the time when he took up the position to the present. The report shows that he has turned over \$50 to the city treasurer and \$41 to the county.

FENCE BEING BUILT AROUND BALL PARK

Improvement Will be Completed by
Next Sunday When Newcastle
Will Play Here

FENCE TO BE 7 FEET HIGH

Work was started this morning on building a fence around the Tail Lights baseball park in West Third street and it will be completed by Sunday when the Newcastle team will be the attraction. The fence will be seven feet high, and will meet up with the Modern Appliance building on the north and extend over and along Hannah street on the west.

Automobiles may be parked on the inside next to the fence, and the entrance for machines will be on Hannah street where a big gate will be swung to conform to the place where Market street should be.

The Newcastle team is a strong aggregation and is composed of the Maxwell team and the best of the Legion team, combining two former teams into one strong bunch of players. One of the pitchers with the team is Tenant, a former pitcher for Terre Haute, and he is said to be well supported by a heavy hitting team. The game Sunday will be called at 2:30.

ROAD BOND ISSUE IS SOLD

City Trust Company of Indianapolis
Buys Bonds Over Year Old

An issue of \$33,600 in road bonds, to build the Harvey J. Catt cement road in Ripley township, was sold Tuesday by Charles A. Frazee, county treasurer, to the City Trust Company of Indianapolis for par and accrued interest. The bonds were issued a year and fifty days ago, that much interest having accumulated on them. The bonds bear four and a half percent interest.

Work has already been started on the Catt road, even though the bonds had not been sold. It begins at the strawboard in Carthage and follows the angling road southwest past Will J. Henley's home, then turns west, crossing Blue River and running through the bottomland west of the river which overflows there every year.

GOOD RESULTS FROM TREATMENT

Twenty-One of Forty Wheat Fields
Sown With Hot Water Treated
Seed Are Examined

ONLY TRACE OF SMUT FOUND

Fields Sown With Same Seed Which
Received No Treatment Showed
24 Percent of Smut

Twenty-one of the forty wheat fields which were sown with hot water treated seed last fall were examined before harvest and counts made to determine the amount of smut. In all cases the treatment showed satisfactory results and in no treated fields more than a trace of smut infection was found, according to a report from the county agent's office. Fields sown with the same seed which received no treatment showed as high as 24 percent smut infection and the average amount of smut in all fields examined was 7 percent.

The fact that a number of the untreated fields were from seed produced from wheat treated in the fall of 1919 would indicate that the average smut infection over the county would run more than 7 percent, probably as high as 10 or 12 percent.

On account of an abnormally dry sowing season, which caused serious malting of the swollen treated grain, the increase in yield of the treated plots over the untreated will not be as noticeable this year as last, but field indications point to a better quality in the case of the treated wheat.

A number of the farmers who sowed treated seed report that they have engaged all their surplus seed to neighbors. It would be well for farmers who would like some of this seed to call one of these farmers and make arrangements to get the wheat at the machine. The county agent's office will be glad to put farmers in touch with farmers having treated wheat.

HEART TROUBLE IS FATAL

Mrs. Esther Miller, Former Rush
Co. Woman Expires in Chicago

Mrs. Jesse Logan has received word of the sudden death of her sister, Mrs. Esther Miller, aged 43 years, which occurred yesterday morning at her home in Chicago. Death was due to heart trouble. The deceased was born in this county and at the time of her marriage moved to Chicago where she had lived since. Besides a son John Ralston Miller, the deceased is survived by three sisters, Mrs. Edwin Johnston of Connersville, Mrs. Hattie Noah and Mrs. Logan of this city.

The remains will be brought to the home of Mrs. Logan early tomorrow morning and the funeral services will be held there at ten o'clock. Burial will take place in the Richland cemetery. The Rev. James T. Cowan of Indianapolis will have charge of the services.

Bats In The Attic Seems To Be A Problem For Which There's No Cure

Frank Holden, Living South of
Rushville, Is Seeking a Solution
Having Taxed His Ingenuity in an
Effort to be Free of The Pests
Poisoning and Drowning Are Im-
possible, and Traps Mean Nothing
to Night Prowlers.

The slang expression, "Bats in your belfry," was never meant to be literally accepted, but Frank Holden, living south of Rushville, can very readily understand what a literal translation of the term means, because he has bats in his attic which are causing him to spend many sleepless nights.

They are not only in his attic, but in his chimney and every other conceivable crevice about his house.

He exhausted his own ingenuity to be rid of the pests and now is consulting every known authority for a receipt to kill or drive the prowlers away.

Mr. Holden called on a local druggist for a poison that would put the finishing touches on them, but the druggist being unable to offer a solution, sought the advice of the county agricultural agent in the emergency.

The county agent also found it a "stumper." He knows the methods

of eradicating every worm known to botanists, not forgetting the chinch bug, but the winged and slimy pests of the night are outside the zone of his influence.

Before seeking outside aid, Mr. Holden resorted to every device he could conjure up to be free of the bats. He first tried covering every opening to the attic with screen and boards, but still the hordes swarmed in their haven in the attic.

Mr. Holden then tried a trap similar to that which is used for catching rats. With great care and patience, he constructed a trap which he believed would be the solution of his worries. He put the trap in the attic and awaited results. The trap was soon filled with bats and he started down the ladder with the captives. By the time he had reached the ground, they had all slipped out and flown away.

Three times he rebuilt the trap and as many times the bats escaped when apparently captured, with the ease of an eel.

Mr. Holden is now seeking the advice of others, believing that some resourceful person may have the cure for bats in the attic.

Someone suggested a trap with a pan of water at the bottom, but it is reasoned that drowning them is impossible; they spread out their

UNEMPLOYED GATHER FOR A DEMONSTRATION

Veterans of World War Join Hands
With Ragged Foreigners to Show
Needs of Penniless.

25,000 AT BRIDGEPORT, CONN.

(By United Press)

Bridgeport, Conn., July 6.—An army of 25,000 unemployed mobilized here today for a demonstration in the streets of this buzzing factory city.

Veterans of the war joined hands with ragged "foreigners" to impress on the onlookers the need of thousands of penniless men out of work. Women carrying babies joined with their husbands in the demonstration through which they hoped to obtain relief from poverty.

"It must stop here—it cannot go on," Minor Treat, head of the Central Labor Union and commander of the Veterans of the World War, told the United Press. "The thousands of men out of work in this town, as in every other factory town, are in need of immediate assistance."

CASES AGAINST LOCAL MAN CONTINUED TODAY

William Emsweller Arraigned in
Indianapolis Today on Assault
and Speeding Charges

OUTGROWTH OF AUTO MISHAP

William Emsweller, rural route 1, of this city, was arrested in Indianapolis Monday afternoon following an automobile accident, and the two cases against him, one for assault and the other for speeding were continued from this morning to July 15.

According to the Indianapolis police, Emsweller in company with John Ryan of this city, were driving an automobile that collided with a machine belonging to John Stegelmeier at Emerson Avenue and the Brookville road. The Stegelmeier machine was upturned and the eight occupants were pinned underneath, but escaped any serious injury.

The two local men were not injured in the accident. In the Indianapolis machine were Mr. Stegelmeier, the driver, Mr. and Mrs. Joy Croak and two children, and Mrs. Bertha Mathews and her two children. Mrs. Mathews was the most seriously injured. All eight of the occupants were pinned beneath the touring car, and it is considered miraculous that they escaped serious injury. They were on a picnic.

DAMAGE BY TORNADO AMOUNTS TO \$100,000

Cuts Path Through Spencer County.
Laying Corn Low and Demol-
ishing Houses

WIND, RAIN, HAIL, LIGHTNING

(By United Press)

Rockport, Ind., July 6.—A tornado cut a path three miles wide and ten miles long in 'Spencer' county paralleling the Ohio river late yesterday.

Wind, rain, hail and lightning damaged crops and property to the extent of \$100,000. Corn was laid low, barns were burned and houses were demolished. A veritable cloud-burst flooded the lowlands.

James Gentry found his porch furniture two miles away from home this morning. Some of it is still missing. Gentry was in his barn putting up hay when the storm came up. The hail split the shingles and let the rain in, several tons of hay being damaged. Gentry was soaked.

Interurban traffic was halted and telephone service was crippled.

TARIFF BILL OFFERED IN THE HOUSE TODAY

Majority Report Says Duties on
Farm Products Will be "Magna
Charter" For America

AN ALL-AMERICAN TARIFF

(By United Press)

Washington, July 6.—The fight on the tariff began today when the report on the Fordney bill was formally presented to the senate.

The report blames industrial depression on the present law democratic tariff and urges the Fordney bill as a corrective measure.

"With the ending of the war and the resumption of production in Europe, depression is once more being keenly felt," the majority report said. "Industry and trade in the United States is at a low ebb. This industrial depression is the result of the offering of foreign goods in America at less than cost of production."

Prediction was made that the duties on farm products in the bill would become the "magna charter" for the perpetration of American standards of living and be the constitution of uniform and universal prosperity.

"This is an all American tariff in a normal basis," the report says. "When the farmer needs the protection of tariff, he is in very serious need."

TO ATTEND JOINT PICNIC

Kiwanis Club Accepts Invitation
From Newcastle Today

The Rushville Kiwanians held their weekly meeting today at noon in the basement of the First Presbyterian church where the noonday luncheon was served. Nothing of much importance was done at the meeting today except that an invitation was accepted by the local club to attend a picnic given by the Newcastle club on next Tuesday at Memorial park in that city. Several clubs in this part of the state will be present. The Kiwanian base ball team was also asked to come, and they will meet some team from one of the visiting cities, but their opponent is not known.

REPORT OF STATE BOARD RECEIVED

Condemns County Poor Asylum as
Usual, Recommending New
Building for Rush County

VISITS HERE ON JUNE 3

State Board of Charities Suggested
Improvements at Jail—
Commissioners in Session

The county board of commissioners, which are in regular monthly session, had before them today the report of the state board of charities regarding a visit to the poor farm and jail on June 3. The board, as has been its custom for many years, condemned the county institution for the poor as a place unfit for inmates to live in, and only mildly criticized the conditions at the jail.

The commissioners today awarded the quarterly contracts for supplies at the county poor farm, the contract for meat going to the Weeks Fresh Meat and Provision company, for groceries to Havens and Son, for dry goods to the Guffin Dry Goods company, for clothing to J. L. Cowing, Son and company.

For the Francis Hurst et al road in Orange township, John Ricketts and P. A. Newhouse, together with the county engineer, were appointed viewers. Viewers were also appointed to report on Gottfried Kessler petition for vacation, changing and opening of a highway in Walker township. Lafavette Peck, Aaron Wellman and J. W. Trowbridge were appointed viewers and ordered to report August 1.

Speaking of the building and equipment, the state board says regarding the county poor asylum: "This is a two-story brick building, old, poorly planned and unsatisfactory. It is without modern equipment. The institution was clean."

The report says there are 22 men and 4 women and with a few exceptions the entire population is of the mentally defective class. The sex separation is poor, the report states, but the inmates appeared clean and their clothing is satisfactory.

A modern poor asylum is needed, says the board, because the building is old and poorly planned, is lacking in proper equipment and sex separation, and in all respects in modern care for poor in institutions.

The state board says that the county jail is neither safe nor strong. The report recommends that the locking devices be repaired, rules should be posted, basement drainage improved and the interior painted. The board finds that rules which were posted by the sheriff had been torn down by the prisoners.

No complaint is found in the management of either institution.

CONSPIRACY TO MAKE BEER

Anderson, Ind., July 6.—Disclosures by William Riley involving "higher-ups" in a plan to brew beer in large quantities were placed before the Madison county grand jury today. Sheriff Lewis arrested Riley and three other men, including Policeman John Kittinger, in a little cabin near Mounds park, where it is alleged a complete brewery was being operated.

URGE LAND OWNERS TO MOVE FENCES

Letters From Lawrence Lyons, Director of State Highway Commission, Outlines Road Policy

50 FT. FROM FENCE TO FENCE

Road No. 39, Indianapolis to Brookville, Cited as One Where Property Lines Must be Changed

Owners of land contiguous to state roads in Rush county which the state highway commission desires to widen, were appealed to in letters sent out today by Lawrence Lyons, director, asking that they co-operate with the department by moving property line fences back.

The department wishes these roads to be 50-feet from fence to fence and, according to A. H. Hinkle, chief engineer of maintenance, the majority of land owners are desirous of a modern highway along their farms and seek to aid the commission by immediate compliance. There are a few however, while willing to acquiesce, take the position that expediency is not necessary. If land owners concerned will pause and consider the many road casualties largely due to the enormous automotive travel these days over frequently narrow roads, I believe they will at once see the necessity of helping the department widen the principally traveled highways and reduce this danger, Mr. Hinkle says.

Mr. Lyons' letter which is explanatory, in part follows:

"In order to make necessary improvements to carry present and future traffic it will be necessary that a right-of-way of 50-feet be provided between fence lines. We do not desire that land owners go to any further expense than is needed to provide a suitable right-of-way; however, we realize the traffic on many of our important roads is going to increase very rapidly in the next few years and it is important that we provide a suitable width of road. We cannot afford as an economic proposition, to widen out a few feet each year.

"Many people are not so fortunate as to live upon a state road which will be made a good road in the near future, but yet they pay the same taxes as those who front on a state highway. Therefore we do not think it unfair for those who are to benefit most by the road, to co-operate to the extent of furnishing a place to build it." The letters designate by number the particular

TO INVESTIGATE FATAL ACCIDENT

Clay County Authorities Start Inquiry Into Cause For One Death And Injury of Six

CABLE ACROSS THE HIGHWAY

(By United Press)

Brazil, Ind., July 6.—Clay county authorities were preparing to start an investigation today into the accident near the village of Williamstown which took a toll of one life and injured six persons late last night.

Mrs. William Perkins of Indianapolis was killed when the automobile in which she was riding struck a cable stretched across the end of pavement on the new National highway. Harry Quigg of Greencastle was cut and bruised about the head and body and physicians fear he may not live. Others injured were Mrs. Walter Perkins of Indianapolis; Miss Media Quigg of Greencastle; Miss Virginia Quigg, of Greencastle, bruised about the body; and Misses Helen and Catherine Perkins of Indianapolis.

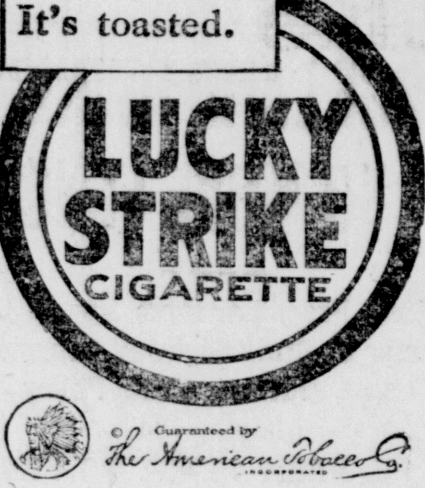

Reports were circulated that there was no warning signal on the barricade. It was also said the lights on Quigg's car were not burning, although he was travelling at a high speed.

The party was driving from Harrisburg, Ill., to Indianapolis.

Do you know why it's toasted?

To seal in the delicious Burley flavor.

It's toasted.

BONUS BILL HEARING

Washington, July 6.—The soldier bonus bill, consideration of which started in the Senate today would take effect in July 1922.

The bill gives ex-service men the option of a cash bonus paid up life insurance, an education, a home or farm or preference in entry on public lands.

BANKS ENJOYED A PROSPEROUS YEAR

Indiana Institutions Had Biggest Financial Year in History of The Business

DEPOSITS REACH SUMMIT

Comparisons of Business at Several Banks Shows Gain Over Previous Year, Report Reveals

(By United Press)

Indianapolis, Ind., July 6.—Indiana banks had their greatest year in the history of the banking business last year, according to Charles W. Camp, chief bank examiner, here today. Camp claims that bank deposits have reached their peak, and will soon begin to recede.

Camp based his statement that bank deposits will soon recede on the ground that there is much unemployment, and those who have money in the banks will soon withdraw it to keep the "home fires burning."

According to the state tax boards valuations of both state and national banks show a general increase as compared with last year's valuations.

Last year's valuations were used as the basis for taxing the banks on taxes paid this year. Next year the banks will pay taxes on the valuations made this year.

Most of the valuations for Indiana banks have been increased over last year's valuation. Among some of those increased are:

Clay Co.—Brazil	1920	1921
First Nat'l Bank	\$168,300	\$148,900
Riddell Bank	63,000	63,400
Brazil Trust Co.	117,300	117,900
Delaware Co.—Muncie.		
Delaware Co Nat'l	448,600	491,000
Merchants Nat'l	340,800	381,100
Allen Co.—Fort Wayne		
Tri-State Loan & Trust Co.	413,000	565,200
First and Hamilton Nat'l bank	980,670	1,286,700
Miami County—Peru		
Peru Trust Co.	110,400	132,200
Wabash Valley Trust Co.	159,300	216,700
Tippecanoe Co.—Lafayette.		
Farmers and Traders Bank	162,500	176,000
Vanderburg County City Nat'l bank	599,000	613,000
American Trust and Savings	175,800	166,900
Lake County Gary State bank.	171,700	212,140
International Trust & Saving	31,800	55,200
Laporte County Laporte Savings.	185,000	199,900
First Nat'l bank.	205,400	255,500

The majority of banks in Vanderburgh County, Evansville, showed a lower valuation this year than last. The majority of banks throughout the state, however, showed a general increase.

Ford
THE UNIVERSAL CAR

New Location

We wish to announce to the public that we have opened new quarters at 132 and 134 West First St., rear of Windsor Hotel Building.

We are now ready to take care of all orders for FORD Cars, Trucks and Fordson tractors.

We have another stock of Ford parts ordered and will have a complete stock in a few days.

20,000 DELEGATES GO TO CONVENTION

Sixth World's Christian Endeavor Convention is to be Interesting Religious Assemblage

TO BE IN SESSION JULY 6-11

Convention Will be Addressed by Three Members of President Harding's Cabinet

(By United Press)

New York, July 6.—Twenty thousand delegates, representing more than half the countries of the world gathered here today for the Sixth World's Christian Endeavor Convention.

The convention, which will be in session July 6 to 11, promised to be one of the most interesting religious assemblages in history, according to convention officials who have arranged the program. The following features will be included in the activities of the six days of the session:

The convention will be addressed by three members of President Harding's cabinet, Vice President Coolidge, Secretary of Navy Denby, and Postmaster General Hays.

Among the 200 other speakers scheduled to add value to the six day session were William Jennings Bryan, Billy Sunday, and Roger Babson, Frederick A. Wallis and John R. Mott.

A "singing parade" will march up Fifth Avenue July 9 as a demonstration for Prohibition and in protest to the July 4th parade of "liberals," against the Volstead act. When the procession reaches Central Park, it will become a great open air mass meeting. Bryan will address the gathering.

During three days of the convention, sixty street corner meetings will be held throughout the city simultaneously.

Chicago, July 6.—Opening: Wheat—July off 1-1-4; Sept. off 1. Corn—July up 1-4; Sept. off 1-8. Oats—July off 1-8; Sept. off 1-8.

LIVE STOCK OPENING

Chicago, July 6.—Opening: Hogs, receipts 16,000; holdovers 7,000; market 25c higher. Cattle receipts 8,000. Sheep, receipts 8,000.

Obituary

Obituary of Charles Murphy

Charles Murphy was the son of John and Anna Murphy and was born in Noble Township, Rush county, Indiana, September 4th, 1858. He departed this life Sunday evening, June 26th, being at the time of his death sixty-two years, nine months and twenty-two days old.

On April 8th, 1880, he was married to Maggie Fay and to this union were born two children, Mrs. Elsie Stamm and Johnny Murphy.

At the age of nineteen in the year 1877 he united with the Methodist Episcopal church at Orange then known as Fayetteville and has ever lived an open, faithful, consistent Christian life.

He had been in failing health for the last three years and while greatly desiring to live he bore his sickness patiently and with Christian resignation.

He leaves to mourn his loss his devoted wife and children, three grandchildren, Cecil and Margaret Stamm and Esther Murphy. Three brothers, George, Jess and LeRoy Murphy and one sister Mrs. Ida May George. Will, an older brother passed to his reward a number of years ago.

All who knew him will testify to his goodness and will miss his kindly smile and neighborly word. 9711

CARD OF THANKS

We wish to thank the friends and neighbors for kindness shown us during the sickness and death of our dear husband and father, Charles Murphy, also the ministers, Bro. Defrees, Bro. Taylor for comforting words, thanks to Bro. Wyatt and singers.

MRS. MARGARET MURPHY & CHILDREN

TEACHERS URGED TO BANISH FAIRY TALES

Advised to Put Dunce Cap on Old Mother Hubbard at National Educational Conference

MISS BLAKE GIVES REPORT

(By United Press)

Des Moines, Ia., July 6.—School teachers here attending the National Educational conference, were advised to put a dunce cap on Old Mother Hubbard and chase her out of the school room.

Miss Katherine D. Blake, New York, plead with her sister teachers to banish the old time fairy tales from the schools and supplant them with stories about real people.

"Who cares whether Old Mother Hubbard discovered no bones when she went to the cupboard?" asked Miss Blake, "Tales like that and the one about the old lady in the shoe are absurd. Let's get some real people in the copy books."

Miss Blake, who is chairman of the committee on elementary schools also recommended in her report which was presented today that stories about kings and generals in history be minimized and new inventions and discoveries emphasized.

Training for parenthood in schools was recommended.

DIES AT THE MASONIC HOME

Funeral for Mrs. Emma Sparks Will be Held at Orange Church

Word has been received in Orange of the sudden death of Mrs. Emma Sparks, widow of the late John Sparks, aged 70 years, who died at the Masonic Home in Franklin, Ind. No details were given as to the cause of the death or the time it occurred.

The survivors are three sons, Albert of Shelbyville, George of Indianapolis and Charles of Glenwood. The funeral services will be conducted at the Orange Christian church Thursday afternoon at 2:30 o'clock and the burial will take place in the North cemetery.

Lew Wallace, author of "Ben Hur", was a member of the commission which tried the assassins of Abraham Lincoln.

Amusements

Powerful Appeal in Picture

Admirers of Buck Jones evidently have a great treat in store for them in his newest William Fox production "The Big Punch" which is coming to the Mystic Theatre on Saturday.

From the stout-hearted Bim in "Just Pals" and the fighting cowboy in "Two Moons," Buck changes to a tender but stout-hearted circuit rider of the hills, who fights in other ways than with the six-shooter. This latest story presents the wholesome young star in a character that should win the hearts of all.

Buck Jones never has appeared in a more affecting story than in "The Big Punch" written by Jules G. Furthman. It is a story of devotion and self-sacrifice for mother, brother, and a little Salvation Army lassie.

"Forbidden Fruit"—Princess

Cecil B. De Mille's superb Paramount picture, "Forbidden Fruit," which will be the feature at the Princess theatre today and Thursday decidedly marks an era in motion picture production in this country. It is a stupendous photoplay and of such excellence as to entitle it being termed a masterpiece of which any producer might well be proud.

The story is embellished by a vision of Cinderella in which Mr. De Mille's genius is displayed to the finest advantage. It is colorful, strongly effective and produced on a scale of magnificence unexampled even in this day of stupendous productions. Agnes Ayres, the leading woman player, is a suffering wife living in a tenement, Clarence Burton, a gambler and crook, plays the role of her husband and Theodore Roberts, is an oil king, who has an important part in shaping the girl's career. The story was written by Jeanie Macpherson, while the photoplay was the work of Alvin Wyckoff and Karl Struss.

Wonder how the mosquito likes the yellow fever and malaria germs that she acquires from man, asks the U. S. Public Health Service. Does she ever warn her daughters not to bite the bad man because it may make them dreadfully sick if they do.

Personal Points

—Vernon Youngblood has returned to his home in Jackson, Michigan after spending a few days in this city, the guest of Miss Jessie English.

—Charles Holmes, a member of the Connersville fire department visited among friends at the local fire station yesterday, while enroute to his home from Shelbyville.

—Dr. and Mrs. F. R. McClanahan motored to Cincinnati today, and they will be accompanied home tonight by their daughter, Miss Jean McClanahan, who has been studying in a conservatory of music in that city.

—The Rev. Daniel Ryan of Morristown was here today enroute to Falmouth to preach the funeral of Hiram N. Jeffrey. Mrs. Ryan and daughter, Mrs. Anna Beard of Liberty arrived yesterday from New York where they have been visiting Mrs. Ryan's sister, Mrs. Theresa Conover.

—John Carr transacted business in Indianapolis this afternoon.

—A. L. Riggs was among the business passengers today to Indianapolis.

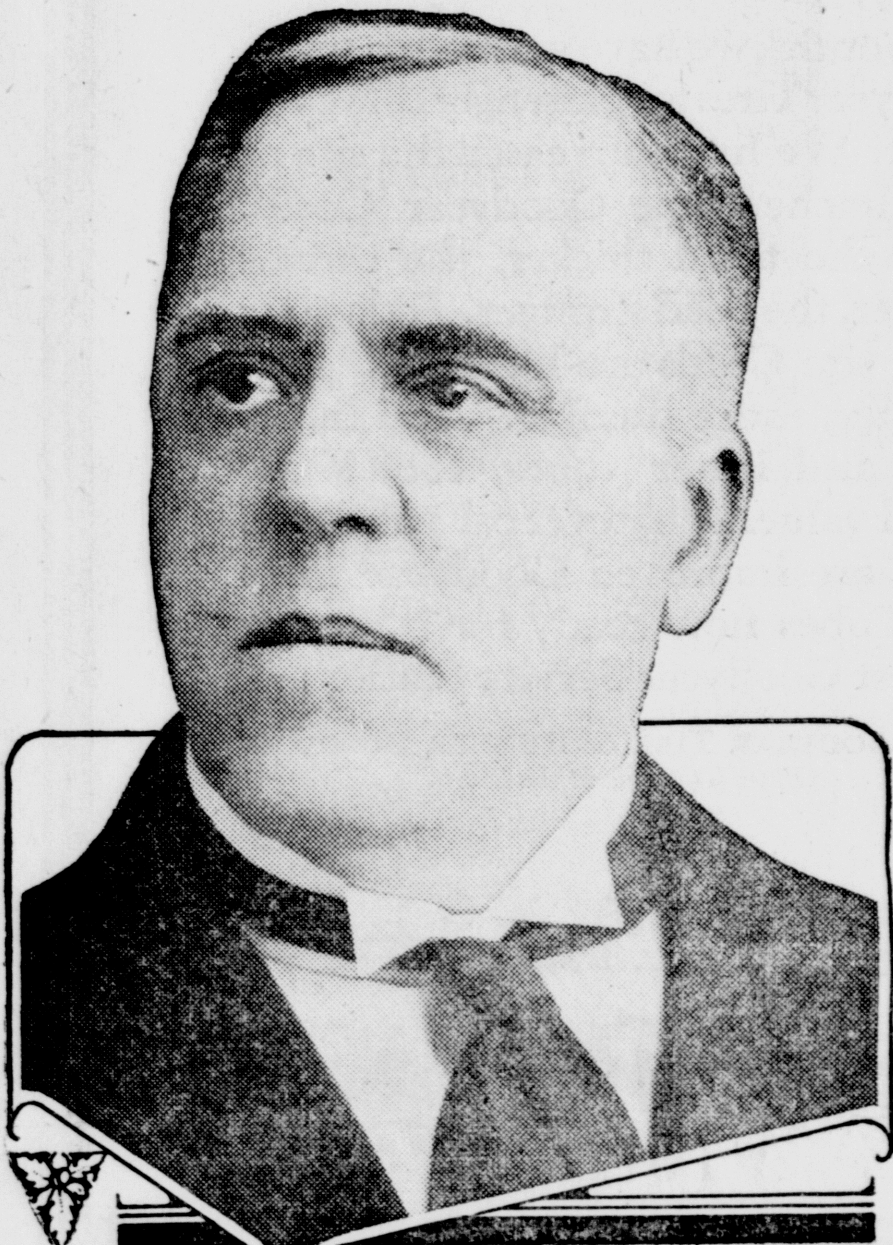

—Russell Ewbank was among the passengers this afternoon to Indianapolis.

—Mrs. Denny Ryan was among the visitors this afternoon in Indianapolis.

—Mrs. O. O. Felts went to Indianapolis this morning and attended the Murat theater this afternoon.

—Mr. and Mrs. James Warfield of Indianapolis are spending a few days with the latter's sister, Mrs. Omer Trobaugh.

Professor Budlong Puts Tanlac To Test

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism, I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. I had a stubborn case of constipation, was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my trouble had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."

DOMINION HOME RULE MAY BE OUTGROWTH

Next Important Step in Negotiations is Conference Between Sinn Feiners and Unionists

SMUTS IN ROLE OF MEDIATOR

(By United Press)

London, July 6.—Dominion home rule for Ireland is expected to be the outgrowth of the present negotiations involving Unionists and Sinn Feiners and the British government, it was learned authoritatively here today.

This degree of autonomy which had never before been conceded by Great Britain, will prove acceptable to all three parties, it was believed in semi official circles.

The next important step in bringing about a settlement of the Irish question will be resumption of the conferences between Eamon DeValera and representatives of Ulster in Dublin on Friday.

At that meeting it was regarded as possible that Sir James Craig, premier of Ulster, will accede to the Irish president's contention for a strongly federated Ireland, as a basis for further negotiations.

Jan Smuts, premier of South Africa, who arrived in Dublin yesterday in the role of mediator will participate in Friday's conference. He is understood to possess almost plenipotentiary powers and before attending the meeting will visit both DeValera and Craig to ascertain exactly what each desires and the minimum of demands they will make to insure co-operation.

CONGRESS TODAY

Senate

Considers soldiers bonus bill. Judiciary committee considers anti medicinal beer bill. Hearings on Capper anti grain gambling bill before agriculture committee continue. Hearings on soldier relief continue. Takes up bills on calendar. Republicans caucus tonight on tariff. Majority report and Democratic and Republican minority reports on tariff to be presented.

URGE LAND OWNERS TO MOVE BACK FENCES

Continued from Page One

road the commission wishes widened, and point out that the department engineers will set stakes for the new lines.

According to Engineer Hinkle road 39, Indianapolis to Brookville; road 6 Indianapolis to Lebanon; road 29, Oxford to Goodland, road 7 to Kentland and road 49 to Dyer have sections where the fences should be moved. Telephone companies have agreed to move back the telephone poles at an expense to them of many thousands of dollars.

TO BE HEARD THURSDAY

Indianapolis, July 6.—The ice trust busting suit filed by the state against Indianapolis dealers and producers charging a price combine will be heard by W. H. Eichhorn, of Bluffton, sitting as special judge, at 9 o'clock Thursday morning. Eichhorn accepting the place as special judge late yesterday, when the defense asked a change of venue.

BEER BILL REPORTED

Washington, July 6.—The Willis-Campbell anti-medicinal beer bill was ordered favorably reported to the senate today by the judiciary committee. Several amendments relating to patent medicine were added. There was little opposition in the committee to the amended bill and no record vote was taken.

RIOTING QUELLED

Fitzgerald, Georgia, July 6.—Rioting which broke out late last night when alleged strike sympathizers and employees of the Atlanta, Birmingham and Atlantic Railroad engaged in a pitched battle near the road's shops, was quelled early today.

TO PROBE MINE WAR

Washington, July 6.—Senator Kenyon today announced appointment of a sub-committee of the Senate labor committee to investigate the Mingo mine war. The sub committee consists of Kenyon, Phipps, Colorado; Shortridge, Calif.; McKellar, Tenn.; and Walsh, Mass.

Nevada, last of all the states has passed a law to cooperate with the U. S. Public Health in the fight against venereal disease. And congress has just cut out the appropriation for such cooperation after July 1 and has left all 48 states high and dry.

A TEST FOR MOTOR CAR BUYERS

THERE ARE TWO WAYS TO JUDGE AUBURN BEAUTY SIX—

First—See how much MORE Auburn offers than other cars of similar price. Second, compare its distinctive features of construction with those found in cars priced much higher.

We can suggest no fairer test than this. The soundness of Auburn value is well known. But you can easily satisfy yourself. Do it.

Let us show you

ON HIS SECOND TRIP ABROAD

Dr. W. D. Inlow Leaves Tonight For Year's Study in Europe

Dr. W. D. Inlow, son of Mr. and Mrs. C. E. Inlow of Manilla, who has been visiting relatives in this county for several days, will leave tonight for New York City to sail for a year's study in Paris and Vienna. Following a year abroad, Dr. Inlow will return for another year at the Mayo clinic, Rochester, Minn., where he has recently been. The trip abroad will be the second in Dr. Inlow's ten years of preparation to practice surgery.

When he completes his work, he and his two brothers, Fred and Herbert expect to form a partnership and open offices in some Indiana city. Herbert was graduated from Rush medical school at Chicago last June and is now in a government hospital at Chicago. Fred will graduate from Rush medical school in March.

HEARS OF BROTHER'S DEATH

Jesse Kirkpatrick Receives Word of Demise of Stephen Kirkpatrick

Jesse Kirkpatrick of North Willow street, today received a message stating that his brother Stephen Kirkpatrick of Pamona, Mo., had died. The deceased formerly lived here moving from Rush county about 40 years ago. He was 86 years old at the time of his death. Besides the Rushville brother, the deceased also is survived by a sister, Mrs. Robert Hinchman of North Main street. Neither of the Rushville relatives will be able to attend the funeral services.

HEAD IS BLOWN OFF

Vincennes, Ind., July 6.—Miles Barrett's head was blown off and George Creek was seriously injured late yesterday in a premature explosion of dynamite in American coal mine number 2 near Bicknell. Louis Abbott who was helping the two men blast a steep grade was not injured. Barrett who was 35 years of age is survived by a widow and a child.

Shifting War Burdens

The people of the United States should take with a grain of salt all agitation by British publicists for cancellation of war debts in view of the attitude of the British government since the armistice, as pointed out by Washington correspondence.

While the British government has been delaying the payment of interest on her debt to America, she has been spending vast sums to subsidize British enterprises which has enabled them to extend their foreign markets in opposition to American-made goods.

Great Britain has been maintaining government control of the coal industry under a guarantee against loss, which practically amounts to a subsidy, with the result that prior to the strike mines were marketing coal at less than cost of production and, according to reports, the British treasury was called upon to pay \$40,000,000 during the month of March to make the guarantees good. This was purely for the purpose of

enabling British traders to maintain their markets. The period of so-called government control has ended the strike has been settled and the British officials have agreed to resume the subsidy.

No exception can be taken to any effort Great Britain may make to develop her industries and her commerce, provided she does it with her own money and her own ingenuity. But in these days American taxpayers are going down into their pockets for money to pay the interest on Liberty Bonds, some five billion dollars of which were issued to raise money to loan to Great Britain, and the debtor is not paying the interest. In other words, the money that is due the United States as interest is being withheld and used to subsidize a coal industry in order that the United States may not establish closer commercial relations with some of the European nations.

This is only one instance of the British policy, but it is one that will not tend in the least to strengthen the plea of the internationalists for the cancellation of war debts, or the proposal for an extension of time for interest payments.

Savings Pay Debts

The end of the fiscal year on June 30th showed that the United States has not only spent less than it has received, but has been able to apply about \$1,022,000,000 on the national debt. That encouraging situation is due entirely to the courageous action of the last congress in cutting about a billion and a half dollars from the demands for money submitted by the former administration. Had the total of those estimates been granted, we would now be facing an increase of several hundred millions in the national debt, instead of a decrease of a billion.

The number of Socialists in the United States has dwindled from 100,000 to 17,000 according to reports submitted to the recent convention in Detroit, all of which discloses that the work of Patriot Lennie in Russia is not being taken very seriously in the United States.

The storm in many parts of the state yesterday evening was supposed to have broken the heat wave, but those of us who sweltered today in the manly art of making both ends meet felt that it must have been the merest sort of a fracture.

Railroad workers are going to vote whether they will accept or reject the 12 percent cut in wages. The reduction has been made and whether it is accepted or refused does not now seem to be open to argument.

BRIGHT SPOTS IN NEWS

New York.—It was hot. Members of two ball teams following the game plunged into the Harlem river sans bathing suits. Life savers holding a dance in a nearby station objected. Five went to a hospital.

New York.—Timothy Monahan in jail still insisted "there are two days when a man shouldn't work—March 17 and July 4." He found Henry Rittersvich painting his home and pulled him off a ladder.

Bigger, Stronger, More Durable Than Ever Before

GOODYEAR

For months, we have worked to make Goodyear Tires for passenger cars even better. We have increased the size of our clincher type Goodyear Cords, made the tread thicker, the carcass heavier, the bead stronger. Today our larger size Cords are likewise bigger, stronger, more durable. And fabric tires, and inner tubes, too, show added value. Whatever car you drive, there are improved Goodyear Tires and Tubes now ready for it, at the nearest Goodyear Service Station.

Chicago.—The war's over now. Joseph Zlotowski whose eye sight is dim, hung a German flag in front of his house, by mistake. The police stopped the riot.

Salt Lake City.—Three bandits held up Peter Verdi and told him to beat it after they robbed him of \$1,000. He took a short cut home and ran into the bandits again. "It's the same bird" said one. Then Verdi received a kick.

The words in English which begin with the letter Z are all derived from other languages, principally from the Greek.

Goitre Reduced

Symptoms Relieved — Report of Greenwood Lady—Home Treatment Used

Note: It would be illegal to publish these statements if they were not true.

Mrs. Elbert Chasteen, Greenwood, Ind., says in her own home paper, the News: "I have suffered with goitre since I was a small girl. I have used Sorbol Quadruple three weeks and it has reduced my neck one inch. I can breathe better and don't have those dreadful headaches or smothering spells at night. Sleep good. I have used almost one bottle and my throat does not throb and choke me any more. You may use my testimonial. I will be glad to answer any letters."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with regular work. Leaves throat in beautiful normal condition. Requires 10 minutes daily.

MAY BUILD LAKE AND CREATE A NEW SPORT

University of Illinois Plans For
Lake on Campus and To Have
Rowing Crews in Action

PLANS FOR STADIUM ALSO

Urbana, Ill., July 6.—Rowing may be on the University of Illinois intercollegiate sport card in 1924. And this, although at present there is no lake or river near this quiet little university town.

Robert Zuppke, Illinois football coach, is the proponent of the new sport at the University. Zuppke is chairman of the school's stadium executive committee, which is planning all details of the huge athletic arena to be completed here in 1924.

The stadium, with a capacity of 75,000 will be in the center of a 100-acre athletic field. In addition to the main playing field beneath the towering walls of the stadium, ten other fields will be laid out for other games. Zuppke wants to build a large artificial lake or lagoon around the new stadium and add rowing to the sport card.

"When I visited the Yale Bowl," Zuppke said, "I got the idea. We can scoop out the dirt for an artificial lake and use it as the foundation for the stadium, thereby saving thousands of dollars in steel and cement."

Zuppke is also a member of the architectural committee and plans to push this project as the main innovation of the big stadium.

The Rebekah Lodge will meet in regular session Friday night in the lodge room in West Second street. A large attendance is desired.

Mrs. Harold Pearce will be hostess for the members of the Thursday Afternoon Bridge club Thursday afternoon at her home in North Main street.

The Rebekah Crochet club will be entertained Friday afternoon at the home of Mrs. Marshall Piatt, 317 East Tenth street. All members are cordially invited to attend this meeting.

The Country Ladies Aid Society of the St. Mary's Catholic church will meet at the home of Mrs. Ross Schrader north of the city Thursday afternoon. All the ladies of the organization are requested to be present.

The Little Flat Rock Women's Missionary society will meet in the Sunday school room of the church Thursday afternoon at 2:30 o'clock. A good program has been arranged and the members are urged to be present.

The Women's Missionary Society of the Main Street Christian church will meet Thursday afternoon in the basement of the church. As this is the first meeting of the year, a large attendance of the members is requested.

Mr. and Mrs. W. C. Nowlin and family and Cora Earls and Sarah Plough of Rushville, and Mr. and Mrs. Charles Stamm and family of Glenwood, enjoyed a picnic along Flat Rock July 4, and at noon a pitch-in dinner was served.

Lurline Council 296, Degree of Pocahontas, will meet in regular session Thursday evening at the Red Men Hall, and all members are asked to be present. At this meeting the officers will be installed and the anniversary will be celebrated.

Mr. and Mrs. Chester Ridout were host and hostess for the members of the Progressive Booster's Class of the First Baptist Sunday school last evening at their home in Circleville. The guests spent the evening with an informal social party with music and games. Delicious refreshments were served.

Mr. and Mrs. Hugh Mauzy entertained with a prettily appointed dinner party last evening at their home in North Perkins street honoring Dr. W. D. Inlow, of Minneapolis, Minn., a doctor of the Mayo Brothers hospital there. Dr. Inlow left today for New York where he will sail for Paris, France, where he expects to make an extensive study abroad.

The Circle Girls of the Plum Creek church met Sunday afternoon at the home of Miss Esther Eakins with Ruby Ertle as leader of an interesting program. After the program a social hour was enjoyed during which refreshments were served. One amusing contest was given of which Stella Carson was winner. The next meeting was planned to be held at the home of Ruby Ertle with Stella Carson as leader.

Mrs. J. H. Small and Mrs. Bertha Wainwright entertained a number of guests at their home Sunday. A bountiful pitch-in dinner was served at noon. Those present were Mr. and Mrs. Walter Schmalt and son, Albert Schmalt of Aurora, Ind., Mrs. S. E. Clayton, Mr. and Mrs. mes Rainey and children, Ora Jayton, Miss Laura Talkington, Marion and John Banister of Alert, Ind., Mr. and Mrs. Oscar Eden of Indianapolis, Mr. and Mrs. Ward Brown of Falmouth, Mr. and Mrs. Charles Casev and daughter Ruth and Mr. and Mrs. Herschel Schmalt.

Mrs. John P. Frazee, Jr., entertained about forty members of the Triangle Club last evening at the home of Mrs. John P. Frazee, Sr., in North Main street. A very interesting program was given. William Blackledge, Beulah Phillips and Maxine Brown prepared papers on "Japan." Mrs. P. H. Chadwick had charge of the Bible Study and Mrs. Martha Grindle was present and gave a short talk. A social hour was enjoyed at the close of the party, during which delicious refreshments were served. The club decided to hold a picnic the last of this month, the exact date to be announced later.

The Christian Union Aid Society of Homer will hold a lawn festival at the church Saturday night July 9, instead of Friday night, as stated previously.

WILL WITHDRAW ARMY FROM GERMANY SOON

With Enactment of Peace Resolution Forces Will be Expected Home In Few Weeks

BURDEN ON THE TAXPAYERS

(By United Press)
Washington, July 6.—American forces in Germany will be withdrawn within the next few weeks as the result of the final enactment of the peace resolution Representative Anthony, Kansas, in charge of army appropriations in the House said today.

He declared that appropriations in the army for the current fiscal year are so limited that the war department will be forced to return the troops within a month or violate the Borah amendment to the army appropriation bill which prohibits the incurring of any deficiency.

"Now that the peace resolution is passed the troops should be withdrawn at the earliest possible date," said Anthony. "They have been a big burden on the American taxpayers, although the understanding was that Germany was to pay all expenses. The cost of the army of occupation has been about \$275,000,000. Germany has paid about \$30,000,000, according to my information and the balance has come out of the treasury. Germany, of course will readily agree to the withdrawal of the troops."

VOLUNTEERS ARE THANKED BY MAYOR

Continued from Page One

treasurer in fines collected. The police chief was instructed to notify owners of vacant lots about cutting weeds. A city ordinance prohibits weeds growing on vacant lots or on any premises within the city limits, and the property owners must cut them or else the city will have it done and charged against the property on the tax duplicate.

Last night was also the time set for hearing a report on the drain on Arthur street as complained by residents in the vicinity of Sixth and Seventh streets. The committee stated that the Hodges branch matter would be arranged this fall, and nothing could be done to the drainage until the branch is deepened and fixed so that it can carry away the surplus water.

The council did not adjourn last night but will be in session again tonight for the purpose of passing on the proposed plans for the improvement of West Market street. The plans were filed, but on account of several things not being clearer, it was decided to let it go over until tonight.

Following the session tonight, a special session will be held for the purpose of receiving bids on the collection of garbage as tonight was set aside as a special meeting for that purpose. It is understood that there will be eight bidders for the contract. Several weeks ago the contract was awarded to Otto Leever, who failed to comply with the requirements by providing \$1,000 bond, and tonight each bid must be accompanied by the bond.

Bats in the Attic Seems to be a Problem For Which There's No Cure

Continued from Page One

wings and easily remain on top of water. It is said that drowning them is impossible because they are very similar to ducks. Poisoning them is out of the question because they feed on live flies and gnats, and no one has yet devised a means of placing poison on gnats and flies though in the fairy tales there is a story of shaking salt on the bird's tail to catch it.

The suggestion has been made that concentrated lye be placed in their abode so they will burn their feet (if they have feet), lick them and be conveniently poisoned. This works with rats, but whether it applies in the case of bats is another question.

The swarms of bats (hundreds of them) have been causing Mr. Holden concern for months. They gather in the chimney and attic at daylight and there they repose until dusk when they begin their nightly prowling for food. The swish of their wings and the hideous almost human noises they make are little short of ghost-like. They hang by their claws or feet during the day and are affected neither by heat, moisture or the wind. They sway with the breeze and never lose hold. Dense smoke coming up the chimney adds nothing to their discomfort.

WEATHER NOTE
Colorado Springs, Colo., July 6.—Snow which has been falling on Pike's Peak several days is reported to be eleven feet deep.

"While the Cat is Away the Mice Will Play"

The "BOSS" has gone on a vacation, and before he left he told the ad. man, which is me, that he was well pleased with the results of our June - July Clearance Sale, which closed last Saturday. He told me that we had gained the 1000 new customers, and as he wanted to take a few days' rest at the lake, it was up to me to see that none of them were lost while he was away.

At first I thought that would be some order, considering the hot weather and how folks liked to hunt the shady side of the house, but I have talked it over with Irene, she is the ready made clothes specialist, Elizabeth, the one that keeps the wash goods, dress goods and silks, Margaret, who has charge of all the corsets and underwear, Knowles, who says she has some fine rugs and linoleum bargains, and Ethel who says there is nothing like Wayne Knit hosiery for men, women and children, and Helen, who said she had more NOTIONS than anyone else in the house and she could find enough bargains in domestics to keep part of the customers.

After this talk I just said, we can do it, we will just keep the customers we had at the sale and add a few more for good measure if possible. Now if you want to see how we are going to do it just watch our ads for the next few days and we all know you will come even if you think it is too hot to come out. Luther says he will deliver all your packages so you will not be bothered about carrying them.

Yours for Bargains,

FRANK.

P. S.—The "BOSS" put this note on my desk before he went away, so I will pass it on to you:

WHAT IS THE "VALUE" OF A PLUGGED NICKEL?

The man or woman who can answer that question is qualified to write the advertisement that reads something like this:

"\$2.50 Silk Hose, Slightly Imperfect — \$1.50"

It is our belief that such an advertisement is misleading. At first glance, the reader imagines that she is saving \$1.00 on a pair of hose, when in truth, she is perhaps not saving anything because she is getting imperfect merchandise.

\$2.50 silk hose that are imperfect may not be worth even \$1.50. They may be expensive at any price, depending upon the extent of the imperfection. It is clearly evident that when an article becomes imperfect, its value depreciates.

This is but one example of the many evils arising from the quoting of comparative prices. "Actual Values" are merely assumed. Conditions that alter these values are ignored, and even though merchandise is defective and consequently has depreciated in value, the comparative price is placed at the highest point that the perfect article would seem to justify.

This point of view is presented for the purpose of clarifying the advertising situation in the public mind. We are confident that when the people begin to understand this subject and demand truth in advertising, there will be a decided effort on the part of all advertisers to publish plain statements of facts.

Yours truly,

E. R. Casady.

SUITS

Little Flat Rock

Miss Cecelia Arby of Vincennes is the guest of Miss Marian Tittsworth.

Mrs. Frank Mauzy was removed to her home in Rushville last week. Mrs. Anderson is acting as nurse for her.

Mr. and Mrs. Ernest Morris and family of Indianapolis spent the week-end with relatives here.

Mrs. Irma Mitchell is seriously ill at her home here.

Mrs. Frank Ervin and Miss Bertha Luke, of Uttica, Ohio, are spending a few days this week with Mr. and Mrs. John Colestock. Mrs. S. A. Colestock of Greenfield is also a guest.

Miss Pearl Watson of Lafayette, Ind., spent the Fourth with Miss Eliza Dickinson and remained for a few days visit.

John Peck of Connersville visited his daughter, Mrs. Dee Hartman, Monday. His son-in-law, Fred Johnson of Washington state, died last Friday. The remains will be brought to Connersville for burial, Thursday.

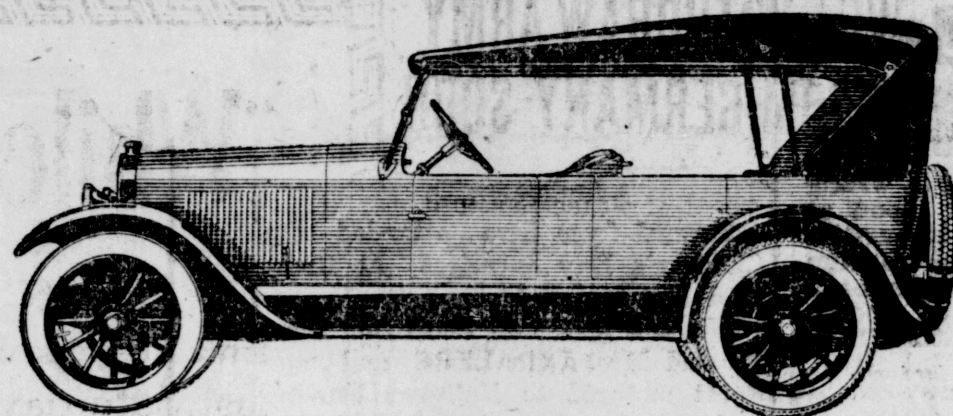

Mrs. Lavina George returned to her home in Rushville Saturday after a week's visit with Mrs. Bert Heaton.

Harold Norris, little son of Mr. and Mrs. Walter Norris, is ill with the mumps.

The Blues are leading by 34 points in the contest which is being conducted in the Sunday school here. The contest will close the first of August.

Miss Gladys Tittsworth, Russell and Harold Tittsworth of Rushville attended church services here Sunday and visited relatives.

Mr. and Mrs. Clem Gruell and

Chalmers is \$300 to \$450 Lower in Price Now

The reduction in Chalmers prices since last fall is \$300 to \$450, according to the model.

This means that the beautiful Chalmers six-cylinder car can now be bought for but little more than many smaller cars.

The always great investment value of the Chalmers is thus increased. It is more desirable than ever.

The upkeep and maintenance charges of the Chalmers are held to a minimum.

This is largely due to the wonderful Chalmers motor which pre-heats the fuel, thus assuring better combustion and lessening the wear on moving parts of the motor.

We will be glad to demonstrate the worth of the Chalmers to you.

BIDDING CONTEST

**CALORIC
DEMONSTRATION
JULY 5th to 9th**

We have set aside one No. 43 Caloric Pipeless Furnace which we will award through our Bidding Contest. All you need do is write your name and address and the amount you will give for the Caloric on a ticket which we will supply you—or use the coupon below.

Saturday, the last day of the Caloric Demonstration. At 3 P. M., the bids will be opened and the Caloric will go to the highest bidder (with free installation) irrespective of what the bid may be.

Bear in mind that this is the genuine Caloric Pipeless Furnace that sells regularly for \$200, complete and installed. The Caloric is the highest quality heating plant that can be produced, and on account of its wonderful heating efficiency and fuel saving, is today the most popular furnace in the world.

You are lucky to get a Caloric at the regular price. You are doubly lucky if you get one at your own price.

Have you bought your coal? You will neel less with a Caloric.

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net price*—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep moving.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good tire*, wherever you find it anywhere in the country.

Because the U. S. policy is a *good policy* that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

CARUSO CAN NEVER SING

New York, July 6.—Captain Anthony Fulton of the U. S. Army intelligence service who just returned from Naples said Enrico Caruso continues in poor health and may never sing again.

The ancients popularly believed the kingfisher had the power of calming the sea by building its nest on floating seaweed.

FORD RUNS 34 MILES ON GALLON GASOLINE

Start Easy in Coldest Weather—
Other Cars Show Proportionate Saving

A new carburetor which cuts down gasoline consumption of any motor and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 451 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 percent, but enables every one to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather. You can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers of this paper who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.—Advertisement.

Our Success In Pleasing Others

Makes us want to try to please you. We can if you will give us a trial. Don't hesitate to send the children to our store, they will receive exactly the same treatment that you would.

VOLUNTEERS ARE THANKED BY MAYOR

Appreciation For Assistance in
Fighting Carr Fire Last Week
Expressed at Council Meeting

NEW EQUIPMENT IS NEEDED

Fire Chief Williamson Makes Report
Showing Requirements of Department—New Patrolman on Duty

The city council, which met in regular session last night, discussed the fire a week ago which destroyed the Carr building, and Mayor Scudder on behalf of the firemen expressed thanks and appreciation to Mayor Reider, Fire Chief Gregg and the firemen from Connorsville who came to the assistance here, as well as to Samuel Finney, Bert Osborne and Jerome Caron, who volunteered their services as firemen in the thickest of the flames.

Mayor Scudder stated that the city firemen and members of the water and light plant force also should be commended, but he especially wanted to point out those who contributed in the fight. The city employees are paid for such work, but he highly commended them for being ready to meet the emergency when most needed.

In discussing the fire, a report was read from Fire Chief Williamson, in which he suggested the purchase of 500 feet of hose, two more nozzles, and several other tools which he said are needed. The report was referred to the fire committee, and they will investigate the needs. The report on hose gave an itemized account of each 50 feet and with the date of the purchase. Some of the hose in use the other night was bought in 1911, and this should be replaced with newer hose, the report stated. The fire chief stated that he had on hand 2900 feet of good hose.

The oiling of the city streets has been completed for this year, it was announced at the meeting last night. Every street has been oiled and in several of the unpaved alleys downtown, the oil was also placed.

The police committee announced that William Jenkins had been appointed as a patrolman to succeed Sam Brown, who resigned about a week ago. Jenkins has had over 30 years experience on the Chicago force and has served here several times recently as an extra policeman. He took up his new duties last Friday, and will be on the night shift for the present.

Mayor Scudder handed in his report covering the period from the time when he took up the position to the present. The report shows that he has turned over \$50 to the city treasurer and \$41 to the county.

FENCE BEING BUILT AROUND BALL PARK

Improvement Will be Completed by
Next Sunday When Newcastle
Will Play Here

FENCE TO BE 7 FEET HIGH

Work was started this morning on building a fence around the Tail Lights baseball park in West Third street and it will be completed by Sunday when the Newcastle team will be the attraction. The fence will be seven feet high, and will meet up with the Modern Appliance building on the north and extend over and along Hannah street on the west.

Automobiles may be parked on the inside next to the fence, and the entrance for machines will be on Hannah street where a big gate will be swung to conform to the place where Market street should be.

The Newcastle team is a strong aggregation and is composed of the Maxwell team and the best of the Legion team, combining two former teams into one strong bunch of players. One of the pitchers with the team is Tenant, a former pitcher for Terre Haute, and he is said to be well supported by a heavy hitting team. The game Sunday will be called at 2:30.

ROAD BOND ISSUE IS SOLD

City Trust Company of Indianapolis
Buys Bonds Over Year Old

An issue of \$33,600 in road bonds, to build the Harvey J. Catt cement road in Ripley township, was sold Tuesday by Charles A. Frazee, county treasurer, to the City Trust Company of Indianapolis for par and accrued interest. The bonds were issued a year and fifty days ago, that much interest having accumulated on them. The bonds bear four and a half percent interest.

Work has already been started on the Catt road, even though the bonds had not been sold. It begins at the strawboard in Carthage and follows the angling road southwest past Will J. Henley's home, then turns west, crossing Blue River and running through the bottomland west of the river which overflows there every year.

GOOD RESULTS FROM TREATMENT

Twenty-One of Forty Wheat Fields
Sown With Hot Water Treated
Seed Are Examined

ONLY TRACE OF SMUT FOUND

Fields Sown With Same Seed Which
Received No Treatment Showed
24 Percent of Smut

Twenty-one of the forty wheat fields which were sown with hot water treated seed last fall were examined before harvest and counts made to determine the amount of smut. In all cases the treatment showed satisfactory results and in no treated fields more than a trace of smut infection was found, according to a report from the county agent's office. Fields sown with the same seed which received no treatment showed as high as 24 percent smut infection and the average amount of smut in all fields examined was 7 percent.

The fact that a number of the untreated fields were from seed produced from wheat treated in the fall of 1919 would indicate that the average smut infection over the county would run more than 7 percent, probably as high as 10 or 12 percent.

On account of an abnormally dry sowing season, which caused serious malting of the swollen treated grain, the increase in yield of the treated plots over the untreated will not be as noticeable this year as last, but field indications point to a better quality in the case of the treated wheat.

A number of the farmers who sowed treated seed report that they have engaged all their surplus seed to neighbors. It would be well for farmers who would like some of this seed to call one of these farmers and make arrangements to get the wheat at the machine. The county agent's office will be glad to put farmers in touch with farmers having treated wheat.

HEART TROUBLE IS FATAL

Mrs. Esther Miller, Former Rush
Co. Woman Expires in Chicago

Mrs. Jesse Logan has received word of the sudden death of her sister, Mrs. Esther Miller, aged 43 years, which occurred yesterday morning at her home in Chicago. Death was due to heart trouble. The deceased was born in this county and at the time of her marriage moved to Chicago where she had lived since. Besides a son John Ralston Miller, the deceased is survived by three sisters, Mrs. Edwin Johnston of Connorsville, Mrs. Hattie Noah and Mrs. Logan of this city.

The remains will be brought to the home of Mrs. Logan early tomorrow morning and the funeral services will be held there at ten o'clock. Burial will take place in the Richland cemetery. The Rev. James T. Cowan of Indianapolis will have charge of the services.

Bats In The Attic Seems To Be A Problem For Which There's No Cure

Frank Holden, Living South of
Rushville, Is Seeking a Solution
Having Taxed His Ingenuity in an
Effort to be Free of The Pests
Poisoning and Drowning Are Im-
possible, and Traps Mean Nothing
to Night Prowlers.

The slang expression, "Bats in your belfry," was never meant to be literally accepted, but Frank Holden, living south of Rushville, can very readily understand what a literal translation of the term means, because he has bats in his attic which are causing him to spend many sleepless nights.

They are not only in his attic, but in his chimney and every other conceivable crevice about his house.

He exhausted his own ingenuity to be rid of the pests and now is consulting every known authority for a receipt to kill or drive the prowlers away.

Mr. Holden called on a local druggist for a poison that would put the finishing touches on them, but the druggist being unable to offer a solution, sought the advice of the county agricultural agent in the emergency.

The county agent also found it a "stumper." He knows the methods

of eradicating every worm known to botanists, not forgetting the chinch bug, but the winged and slimy pests of the night are outside the zone of his influence.

Before seeking outside aid, Mr. Holden resorted to every device he could conjure up to be free of the bats. He first tried covering every opening to the attic with screen and boards, but still the hordes swarmed in their haven in the attic.

Mr. Holden then tried a trap similar to that which is used for catching rats. With great care and patience, he constructed a trap which he believed would be the solution of his worries. He put the trap in the attic and awaited results. The trap was soon filled with bats and he started down the ladder with the captives. By the time he had reached the ground, they had all slipped out and flown away.

Three times he rebuilt the trap and as many times the bats escaped when apparently captured, with the ease of an eel.

Mr. Holden is now seeking the advice of others, believing that some resourceful person may have the cure for bats in the attic.

Someone suggested a trap with a pan of water at the bottom, but it is reasoned that drowning them is impossible; they spread out their

UNEMPLOYED GATHER FOR A DEMONSTRATION

Veterans of World War Join Hands
With Ragged Foreigners to Show
Needs of Panniless.

25,000 AT BRIDGEPORT, CONN.

(By United Press)
Bridgeport, Conn., July 6.—An army of 25,000 unemployed mobilized here today for a demonstration in the streets of this buzzing factory city.

Veterans of the war joined hands with ragged "foreigners" to impress on the onlookers the need of thousands of penniless men out of work. Women carrying babies joined with their husbands in the demonstration through which they hoped to obtain relief from poverty.

"It must stop here—it cannot go on," Minor Treat, head of the Central Labor Union and commander of the Veterans of the World War, told the United Press. "The thousands of men out of work in this town, as in every other factory town, are in need of immediate assistance."

CASES AGAINST LOCAL MAN CONTINUED TODAY

William Emsweller Arraigned in
Indianapolis Today on Assault
and Speeding Charges

OUTGROWTH OF AUTO MISHAP

William Emsweller, rural route 1, of this city, was arrested in Indianapolis Monday afternoon following an automobile accident, and the two cases against him, one for assault and the other for speeding were continued from this morning to July 15.

According to the Indianapolis police, Emsweller in company with John Ryan of this city, were driving an automobile that collided with a machine belonging to John Stegelmeyer at Emerson Avenue and the Brookville road. The Stegelmeyer machine was upturned and the eight occupants were pinned underneath, but escaped any serious injury.

The two local men were not injured in the accident. In the Indianapolis machine were Mr. Stegelmeyer, the driver, Mr. and Mrs. Joy Croak and two children, and Mrs. Bertha Mathews and her two children. Mrs. Mathews was the most seriously injured. All eight of the occupants were pinned beneath the touring car, and it is considered miraculous that they escaped serious injury. They were on a picnic.

DAMAGE BY TORNADO AMOUNTS TO \$100,000

Cuts Path Through Spencer County,
Laying Corn Low and Demol-
ishing Houses

WIND, RAIN, HAIL, LIGHTNING

(By United Press)
Rockport, Ind., July 6.—A tornado cut a path three miles wide and ten miles long in Spencer county paralleling the Ohio river late yesterday.

Wind, rain, hail and lightning damaged crops and property to the extent of \$100,000. Corn was laid low, barns were burned and houses were demolished. A veritable cloud-burst flooded the lowlands.

James Gentry found his porch furniture two miles away from home this morning. Some of it is still missing. Gentry was in his barn putting up hay when the storm came up. The hail split the shingles and let the rain in, several tons of hay being damaged. Gentry was soaked.

Interurban traffic was halted and telephone service was crippled.

TARIFF BILL OFFERED IN THE HOUSE TODAY

Majority Report Says Duties on
Farm Products Will be "Magna
Charter" For America

AN ALL-AMERICAN TARIFF

(By United Press)
Washington, July 6.—The fight on the tariff began today when the report on the Fordney bill was formally presented to the senate. The report blames industrial depression on the present law democratic tariff and urges the Fordney bill as a corrective measure.

"With the ending of the war and the resumption of production in Europe, depression is once more being keenly felt," the majority report said. "Industry and trade in the United States is at a low ebb. This industrial depression is the result of the offering of foreign goods in America at less than cost of production."

Prediction was made that the duties on farm products in the bill would become the "magna charter" for the perpetration of American standards of living and be the constitution of uniform and universal prosperity.

"This is an all American tariff on a normal basis," the report says. "When the farmer needs the protection of tariff, he is in very serious need."

TO ATTEND JOINT PICNIC

Kiwanis Club Accepts Invitation
From Newcastle Today

The Rushville Kiwanians held their weekly meeting today at noon in the basement of the First Presbyterian church where the noonday luncheon was served. Nothing of much importance was done at the meeting today except that an invitation was accepted by the local club to attend a picnic given by the Newcastle club on next Tuesday at Memorial park in that city. Several clubs in this part of the state will be present. The Kiwanian base ball team was also asked to come, and they will meet some team from one of the visiting cities, but their opponent is not known.

REPORT OF STATE BOARD RECEIVED

Condemns County Poor Asylum as
Usual, Recommending New
Building for Rush County

VISITS HERE ON JUNE 3

State Board of Charities Suggested
Improvements at Jail—
Commissioners in Session

The county board of commissioners, which are in regular monthly session, had before them today the report of the state board of charities regarding a visit to the poor farm and jail on June 3. The board, as has been its custom for many years, condemned the county institution for the poor as a place unfit for inmates to live in, and only mildly criticized the conditions at the jail.

The commissioners today awarded the quarterly contracts for supplies at the county poor farm, the contract for meat going to the Weeks Fresh Meat and Provision company, for groceries to Havens and Son, for dry goods to the Guffin Dry Goods company, for clothing to J. L. Cowing, Son and company.

For the Francis Hurst et al road in Orange township, John Ricketts and P. A. Newhouse, together with the county engineer, were appointed viewers. Viewers were also appointed to report on Gottfried Kessler petition for vacation, changing and opening of a highway in Walker township. Lafayette Peck, Aaron Wellman and J. W. Trowbridge were appointed viewers and ordered to report August 1.

Speaking of the building and equipment, the state board says regarding the county poor asylum: "This is a two-story brick building, old, poorly planned and unsatisfactory. It is without modern equipment. The institution was clean."

The report says there are 22 men and 4 women and with a few exceptions the entire population is of the mentally defective class. The sex separation is poor, the report states, but the inmates appeared clean and their clothing is satisfactory.

A modern poor asylum is needed, says the board, because the building is old and poorly planned, is lacking in proper equipment and sex separation, and in all respects in modern care for poor in institutions.

The state board says that the county jail is neither safe nor strong. The report recommends that the locking devices be repaired, rules should be posted, basement drainage improved and the interior painted. The board finds that rules which were posted by the sheriff had been torn down by the prisoners.

No complaint is found in the management of either institution.

CONSPIRACY TO MAKE BEER

Anderson, Ind., July 6.—Disclosures by William Riley involving "higher-ups" in a plan to brew beer in large quantities were placed before the Madison county grand jury today. Sheriff Lewis arrested Riley and three other men, including Policeman John Kittinger, in a little cabin near Mounds park, where it is alleged a complete brewery was being operated.

URGE LAND OWNERS TO MOVE FENCES

Letters From Lawrence Lyons, Director of State Highway Commission, Outlines Road Policy

50 FT. FROM FENCE TO FENCE

Road No. 39, Indianapolis to Brookville, Cited as One Where Property Lines Must be Changed

Owners of land contiguous to state roads in Rush county which the state highway commission desires to widen, were appealed to in letters sent out today by Lawrence Lyons, director, asking that they cooperate with the department by moving property line fences back.

The department wishes these roads to be 50-feet from fence to fence and, according to A. H. Hinkle, chief engineer of maintenance, the majority of land owners are desirous of a modern highway along their farms and seek to aid the commission by immediate compliance. There are a few however, while willing to acquiesce, take the position that expediency is not necessary. If land owners concerned will pause and consider the many road casualties largely due to the enormous automotive travel these days over frequently narrow roads, I believe they will at once see the necessity of helping the department widen the principally traveled highways and reduce this danger, Mr. Hinkle says.

Mr. Lyons' letter which is explanatory, in part follows:

"In order to make necessary improvements to carry present and future traffic it will be necessary that a right-of-way of 50-feet be provided between fence lines. We do not desire that land owners go to any further expense than is needed, to provide a suitable right-of-way; however, we realize the traffic on many of our important roads is going to increase very rapidly in the next few years and it is important that we provide a suitable width of road. We cannot afford as an economic proposition, to widen out a few feet each year.

"Many people are not so fortunate as to live upon a state road which will be made a good road in the near future, but yet they pay the same taxes as those who front on a state highway. Therefore we do not think it unfair for those who are to benefit most by the road, to co-operate to the extent of furnishing a place to build it." The letters designate by number the particular

TO INVESTIGATE FATAL ACCIDENT

Clay County Authorities Start Inquiry Into Cause For One Death And Injury of Six

CABLE ACROSS THE HIGHWAY

(By United Press)
Brazil, Ind., July 6.—Clay county authorities were preparing to start an investigation today into the accident near the village of Williamstown which took a toll of one life and injured six persons late last night.

Mrs. William Perkins of Indianapolis was killed when the automobile in which she was riding struck a cable stretched across the end of pavement on the new National highway. Harry Quigg of Greencastle was cut and bruised about the head and body and physicians fear he may not live. Others injured were Mrs. Walter Perkins of Indianapolis; Miss Media Quigg of Greencastle injured about the head and face; Miss Virginia Quigg, of Greencastle, bruised about the body; and Misses Helen and Catherine Perkins of Indianapolis.

Reports were circulated that there was no warning signal on the barricade. It was also said the lights on Quigg's car were not burning, although he was travelling at a high speed.

The party was driving from Harrisburg, Ill., to Indianapolis.

Do you know why it's toasted?

BONUS BILL HEARING
Washington, July 6.—The soldier bonus bill, consideration of which started in the Senate today would take effect in July 1922. The bill gives ex-service men the option of a cash bonus paid up life insurance, an education, a home or farm or preference in entry on public lands.

BANKS ENJOYED A PROSPEROUS YEAR

Indiana Institutions Had Biggest Financial Year in History of The Business

DEPOSITS REACH SUMMIT

Comparisons of Business at Several Banks Shows Gain Over Previous Year, Report Reveals

(By United Press)
Indianapolis, Ind., July 6.—Indiana banks had their greatest year in the history of the banking business last year, according to Charles W. Camp, chief bank examiner, here today. Camp claims that bank deposits have reached their peak, and will soon begin to recede.

Camp based his statement that bank deposits will soon recede on the ground that there is much unemployment, and those who have money in the banks will soon withdraw it to keep the "home fires burning."

According to the state tax boards valuations of both state and national banks show a general increase as compared with last year's valuations.

Last year's valuations were used as the basis for taxing the banks on taxes paid this year. Next year the banks will pay taxes on the valuations made this year.

Most of the valuations for Indiana banks have been increased over last year's valuation. Among some of those increased are:

Clay Co.—Brazil	1920	1921
First Nat'l Bank	\$168,300	\$148,000
Riddell Bank	63,000	63,400
Brazil Trust Co.	117,300	117,900
Delaware Co.—Muncie		
Delaware Co Nat'l	448,600	491,000
Merchants Nat'l	340,800	381,100
Allen Co.—Fort Wayne		
Tri-State Loan & Trust Co.	443,000	565,200
First and Hamilton Nat'l bank	980,670	1,286,700
Miami County—Peru		
Peru Trust Co.	110,400	132,200
Wabash Valley Trust Co.	159,300	216,700
Tippacanoe Co.—Lafayette		
Farmers and Traders Bank	162,500	176,000
Vanderburg County City Nat'l bank	599,000	643,000
American Trust and Savings	175,800	166,000
Lake County Gary State bank	171,700	212,140
International Trust & Savings	31,800	55,200
Laporte County Laporte Savings	185,000	199,900
First Nat'l bank	205,400	255,500

The majority of banks in Vanderburgh County, Evansville, showed a lower valuation this year than last. The majority of banks throughout the state, however, showed a general increase.

Obituary

Obituary of Charles Murphy
Charles Murphy was the son of John and Anna Murphy and was born in Noble Township, Rush county, Indiana, September 4th, 1858. He departed this life Sunday evening, June 26th, being at the time of his death sixty-two years, nine months and twenty-two days old.

On April 8th, 1880, he was married to Maggie Fay and to this union were born two children, Mrs. Elsie Stamm and Johnny Murphy.

At the age of nineteen in the year 1877 he united with the Methodist Episcopal church at Orange then known as Fayetteville and has ever lived an open, faithful, consistent Christian life.

He had been in failing health for the last three years and while greatly desiring to live he bore his sickness patiently and with Christian resignation.

He leaves to mourn his loss, his devoted wife and children, three grandchildren, Cecil and Margaret Stamm, and Esther Murphy. Three brothers, George, Jess and LeRoy Murphy and one sister Mrs. Ida May George. Will, an older brother passed to his reward a number of years ago.

All who knew him will testify to his goodness and will miss his kindly smile and neighborly word. 9711

CARD OF THANKS
We wish to thank the friends and neighbors for kindness shown us during the sickness and death of our dear husband and father, Charles Murphy, also the ministers, Bro. Deffres, Bro. Taylor for comforting words, thanks to Bro. Wyatt and singers.

MRS. MARGARET MURPHY & CHILDREN

20,000 DELEGATES GO TO CONVENTION

Sixth World's Christian Endeavor Convention is to be Interesting Religious Assemblage

TO BE IN SESSION JULY 6-11

Convention Will be Addressed by Three Members of President Harding's Cabinet

(By United Press)
New York, July 6.—Twenty thousand delegates, representing more than half the countries of the world gathered here today for the Sixth World's Christian Endeavor Convention.

The convention, which will be in session July 6 to 11, promised to be one of the most interesting religious assemblages in history, according to convention officials who have arranged the program. The following features will be included in the activities of the six days of the session:

The convention will be addressed by three members of President Harding's cabinet, Vice President Coolidge, Secretary of Navy Denby, and Postmaster General Hays.

Among the 200 other speakers scheduled to add value to the six day session were William Jennings Bryan, Billy Sunday, and Roger Babson, Frederick A. Wallis and John R. Mott.

A "singing parade" will march up Fifth Avenue July 9 as a demonstration for Prohibition and in protest to the July 4th parade of "liberals" against the Volstead act. When the procession reaches Central Park, it will become a great open air mass meeting. Bryan will address the gathering.

During three days of the convention, sixty street corner meetings will be held throughout the city simultaneously.

CHICAGO GRAIN
Chicago, July 6.—Opening: Wheat—July off 1-1-4; Sept off 1-1-4. Corn—July off 1-4; Sept off 1-8. Oats—July off 1-8; Sept off 1-8.

Chicago, July 6.—Opening: Hogs, receipts 16,000; holdovers 7,000; market 25c higher. Cattle receipts 8,000; Sheep, receipts 8,000.

TEACHERS URGED TO BANISH FAIRY TALES

Advised to Put Dunce Cap on Old Mother Hubbard at National Educational Conference

MISS BLAKE GIVES REPORT

(By United Press)
Des Moines, Ia., July 6.—School teachers here attending the National Educational conference, were advised to put a dunce cap on Old Mother Hubbard and chase her out of the school room.

Miss Katherine D. Blake, New York, plead with her sister teachers to banish the old time fairy tales from the schools and supplant them with stories about real people.

"Who cares whether Old Mother Hubbard discovered no bones when she went to the cupboard?" asked Miss Blake. "Tales like that and the one about the old lady in the shoe are absurd. Let's get some real people in the copy books."

Miss Blake, who is chairman of the committee on elementary schools also recommended in her report which was presented today that stories about kings and generals in history be minimized and new inventions and discoveries emphasized.

Training for parenthood in schools was recommended.

DIES AT THE MASONIC HOME

Funeral for Mrs. Emma Sparks Will be Held at Orange Church

Word has been received in Orange of the sudden death of Mrs. Emma Sparks, widow of the late John Sparks, aged 70 years, who died at the Masonic Home in Franklin, Ind. No details were given as to the cause of the death or the time it occurred.

The survivors are three sons, Albert of Shelbyville, George of Indianapolis and Charles of Glenwood. The funeral services will be conducted at the Orange Christian church Thursday afternoon at 2:30 o'clock and the burial will take place in the North cemetery.

Lew Wallace, author of "Ben Hur" was a member of the commission which tried the assassins of Abraham Lincoln.

Amusements

Powerful Appeal in Picture

Admirers of Buck Jones evidently have a great treat in store for them in his newest William Fox production "The Big Punch" which is coming to the Mystic Theatre on Saturday.

From the stout-hearted Bim in "Just Pals" and the fighting cowboy in "Two Moons," Buck changes to a tender but stout-hearted circuit rider of the hills, who fights in other ways than with the six-shooter. This latest story presents the wholesome young star in a character that should win the hearts of all.

Buck Jones never has appeared in a more affecting story than in "The Big Punch" written by Jules G. Furthman. It is a story of devotion and self-sacrifice for mother, brother, and a little Salvation Army lassie.

"Forbidden Fruit"—Princess

Cecil B. De Mille's superb Paramount picture, "Forbidden Fruit," which will be the feature at the Princess theatre today and Thursday decidedly marks an era in motion picture production in this country. It is a stupendous photoplay and of such excellence as to entitle it being termed a masterpiece of which any producer might well be proud.

The story is embellished by a vision of Cinderella in which Mr. De Mille's genius is displayed to the finest advantage. It is colorful, strongly effective and produced on a scale of magnificence unexampled even in this day of stupendous productions. Agnes Ayres, the leading woman player, is a suffering wife living in a tenement, Clarence Burton, a gambler and crook, plays the role of her husband and Theodore Roberts, is an oil king, who has an important part in shaping the girl's career. The story was written by Jeanie Macpherson, while the photoplay was the work of Alvin Wyckoff and Karl Struss.

Wonder how the mosquito likes the yellow fever and malaria germs that she acquires from man; asks the U. S. Public Health Service. Does she ever warn her daughters not to bite the bad man because it may make them dreadfully sick if they do.

—Charles Holmes, a member of the Connersville fire department visited among friends at the local fire station yesterday, while enroute to his home from Shelbyville.

—Dr. and Mrs. F. R. McClanahan motored to Cincinnati today, and they will be accompanied home tonight by their daughter, Miss Jean McClanahan, who has been studying in a conservatory of music in that city.

—The Rev. Daniel Ryan of Morristown was here today enroute to Falmouth to preach the funeral of Hiram N. Jeffrey. Mrs. Ryan and daughter, Mrs. Anna Beard of Liberty arrived yesterday from New York where they have been visiting Mrs. Ryan's sister, Mrs. Theresa Conover.

Professor Budlong Puts Tanlac To Test

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendid condition to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism, I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness. I had a stubborn case of consti-

pation, was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my trouble had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal."

DOMINION HOME RULE MAY BE OUTGROWTH

Next Important Step in Negotiations is Conference Between Sinn Feiners and Unionists

SMUTS IN ROLE OF MEDIATOR

(By United Press)

London, July 6.—Dominion home rule for Ireland is expected to be the outgrowth of the present negotiations involving Unionists and Sinn Feiners and the British government, it was learned authoritatively here today.

This degree of autonomy which had never before been conceded by Great Britain, will prove acceptable to all three parties, it was believed in semi official circles.

The next important step in bringing about a settlement of the Irish question will be resumption of the conferences between Eamon DeValera and representatives of Ulster in Dublin on Friday.

At that meeting it was regarded as possible that Sir James Craig, premier of Ulster, will accede to the Irish president's contention for a strongly federated Ireland, as a basis for further negotiations.

Jan Smuts, premier of South Africa, who arrived in Dublin yesterday in the role of mediator will participate in Friday's conference. He is understood to possess almost plenipotentiary powers and before attending the meeting will visit both DeValera and Craig to ascertain exactly what each desires and the minimum of demands they will make to insure co-operation.

CONGRESS TODAY

Senate

Considers soldiers bonus bill.

Judiciary committee considers anti medicinal beer bill.

Hearings on Capper anti grain gambling bill before agriculture committee continue.

Hearings on soldier relief continues.

Takes up bills on calendar.

Republicans caucus tonight on tariff.

Majority report and Democratic and Republican minority reports on tariff to be presented.

URGE LAND OWNERS TO MOVE BACK FENCES

Continued from Page One

road the commission wishes widened, and point out that the department engineers will set stakes for the new lines.

According to Engineer Hinkle road 39, Indianapolis to Brookville; road 6 Indianapolis to Lebanon; road 29, Oxford to Goodland, road 7 to Kentland and road 49 to Dyer have sections where the fences should be moved. Telephone companies have agreed to move back the telephone poles at an expense to them of many thousands of dollars.

TO BE HEARD THURSDAY

Indianapolis, July 6.—The ice trust busting suit filed by the state against Indianapolis dealers and producers charging a price combine will be heard by W. H. Eichhorn, of Bluffton, sitting as special judge, at 9 o'clock Thursday morning. Eichhorn accepting the place as special judge late yesterday, when the defense asked a change of venue.

BEER BILL REPORTED

Washington, July 6.—The Willis-Campbell anti-medicinal beer bill was ordered favorably reported to the senate today by the judiciary committee. Several amendments relating to patent medicine were added. There was little opposition in the committee to the amended bill and no record vote was taken.

RIOTING QUELLED

Fitzgerald, Georgia, July 6.—Rioting which broke out late last night when alleged strike sympathizers and employees of the Atlanta, Birmingham and Atlantic Railroad engaged in a pitched battle near the road's shops, was quelled early today.

TO PROBE MINE WAR

Washington, July 6.—Senator Kenyon today announced appointment of a sub-committee of the Senate labor committee to investigate the Mingo mine war. The sub-committee consists of Kenyon, Phipps, Colorado; Shortridge, Calif.; McKellar, Tenn.; and Walsh, Mass.

Nevada, last of all the states has passed a law to cooperate with the U. S. Public Health in the fight against venereal disease. And congress has just cut out the appropriation for such cooperation after July 1 and has left all 48 states high and dry.

A TEST FOR MOTOR CAR BUYERS

THERE ARE TWO WAYS TO JUDGE AUBURN BEAUTY SIX—

First—See how much MORE Auburn offers than other cars of similar price. Second, compare its distinctive features of construction with those found in cars priced much higher.

We can suggest no fairer test than this. The soundness of Auburn value is well known. But you can easily satisfy yourself. Do it.

Let us show you

Auburn Beauty Six

With Its Swift Silent 55 Horse Power Motor

exclusive torque arm construction—annular ball-bearing transmission — 4-bearing crankshaft. Twenty-one years' continuous automobile manufacture assures the soundness of these and other Auburn features.

ON HIS SECOND TRIP ABROAD

Dr. W. D. Inlow Leaves Tonight For Year's Study in Europe

Dr. W. D. Inlow, son of Mr. and Mrs. C. E. Inlow of Manilla, who has been visiting relatives in this county for several days, will leave tonight for New York City to sail for a year's study in Paris and Vienna. Following a year abroad, Dr. Inlow will return for another year at the Mayo clinic, Rochester, Minn., where he has recently been. The trip abroad will be the second in Dr. Inlow's ten years of preparation to practice surgery.

When he completes his work, he and his two brothers, Fred and Herbert expect to form a partnership and open offices in some Indiana city. Herbert was graduated from Rush medical school at Chicago last June and is now in a government hospital at Chicago. Fred will graduate from Rush medical school in March.

HEARS OF BROTHER'S DEATH

Jesse Kirkpatrick Receives Word of Demise of Stephen Kirkpatrick

Jesse Kirkpatrick of North Willow street, today received a message stating that his brother Stephen Kirkpatrick of Pamona, Mo., had died. The deceased formerly lived here moving from Rush county about 40 years ago. He was 36 years old at the time of his death. Besides the Rushville brother, the deceased also is survived by a sister, Mrs. Robert Hinchman of North Main street. Neither of the Rushville relatives will be able to attend the funeral services.

HEAD IS BLOWN OFF

Vincennes, Ind., July 6.—Miles Barrett's head was blown off and George Creek was seriously injured late yesterday in a premature explosion of dynamite in American coal mine number 2 near Bicknell. Louis Abbott who was helping the two men blast a steep grade was not injured. Barrett who was 35 years of age is survived by a widow and a child.

MAY BUILD LAKE AND CREATE A NEW SPORT

University of Illinois Plans For
Lake on Campus and To Have
Rowing Crews in Action

PLANS FOR STADIUM ALSO

Urbana, Ill., July 6.—Rowing may
be on the University of Illinois in-
tercollegiate sport card in 1924. And
this, although at present there is
no lake or river near this quiet lit-
tle university town.

Robert Zuppke, Illinois football
coach, is the proponent of the new
sport at the University. Zuppke is
chairman of the school's stadium ex-
ecutive committee, which is planning
all details of the huge athletic arena
to be completed here in 1924.

The stadium, with a capacity of
75,000 will be in the center of a 100-
acre athletic field. In addition to
the main playing field beneath the
towering walls of the stadium, ten
other fields will be laid out for other
games. Zuppke wants to build a
large artificial lake or lagoon around
the new stadium and add rowing to
the sport card.

"When I visited the Yale Bowl,"
Zuppke said, "I got the idea. We can
scoop out the dirt for an artificial
lake and use it as the foundation
for the stadium, thereby saving
thousands of dollars in steel and
cement."

Zuppke is also a member of the
architectural committee and plans
to push this project as the main in-
novation of the big stadium.

***** Watching The Score Board *****

Yesterday's hero—Babe Ruth. The
Bambino smacked his thirty-first
homer of the year and the Yanks
beat the Pathetics 7 to 5.

Powell was thrown out at the
plate in the ninth trying to score
from second on a single and the
Braves fell before the Phils 6 to 4.

The Boston Red Sox lost their
fourth consecutive double header,
dropping before the Senators 7 to
5 and 4 to 1.

Home runs by McHenry and
Hornby helped the Cardinals beat
the Pirates 8 to 2.

Sothoron, the old Brown shine
baller, pitched his first game for
the Indians and beat the White Sox
16 to 4.

Palmero's eight bases on balls and
two errors helped the Tigers take
the third straight from the Browns
5 to 2.

Cheever outpitched Rixey in a
hurlers duel and the Cubs beat the
Reds 3 to 2.

***** THIS TIME LAST YEAR *****

The Yanks beat Washington
17 to 0 and went into first
place. They made fourteen runs
in the fifth inning. Every New
York player batted twice with
seven hits, five errors, three
bases on balls, two sacrifice
hits a hit batsman and a wild
pitch.

WOULD MATCH DEMPSEY

Los Angeles, Calif., July 6.—A
company of Los Angeles business
men have wired Jack Kearns today
asking him whether he would con-

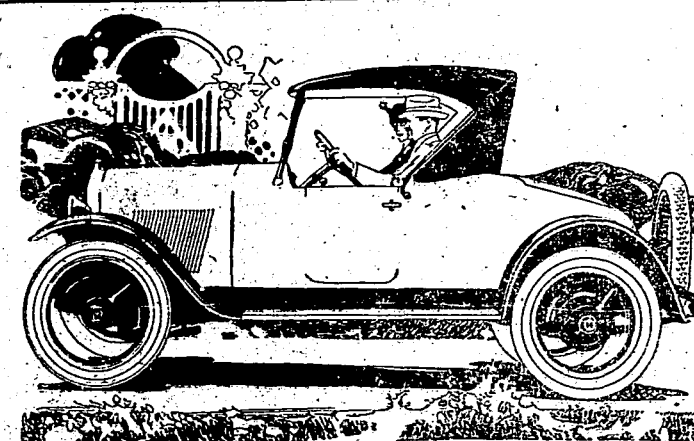

sider an offer to have Dempsey meet
Jack Johnson on Labor day with the
understanding that fifty percent of
the receipts should be divided among
the fighters and the remainder go to
war veterans. A guarantee of \$200,-
000 was offered.

WILL WITHDRAW ARMY FROM GERMANY SOON

With Enactment of Peace Resolution Forces Will be Expected Home In Few Weeks

BURDEN ON THE TAXPAYERS

(By United Press)

Washington, July 6.—American forces in Germany will be withdrawn within the next few weeks as the result of the final enactment of the peace resolution Representative Anthony, Kansas, in charge of army appropriations in the House said today.

He declared that appropriations in the army for the current fiscal year are so limited that the war department will be forced to return the troops within a month or violate the Borah amendment to the army appropriation bill which prohibits the incurring of any deficiency.

"Now that the peace resolution is passed the troops should be withdrawn at the earliest possible date," said Anthony. "They have been a big burden on the American taxpayers, although the understanding was that Germany was to pay all expenses. The cost of the army of occupation has been about \$275,000,000. Germany has paid about \$30,000,000, according to my information and the balance has come out of the treasury. Germany, of course will readily agree to the withdrawal of the troops."

VOLUNTEERS ARE THANKED BY MAYOR

Continued from Page One treasurer in fines collected.

The police chief was instructed to notify owners of vacant lots about cutting weeds. A city ordinance prohibits weeds growing on vacant lots or on any premises within the city limits, and the property owners must cut them or else the city will have it done and charged against the property on the tax duplicate.

Last night was also the time set for hearing a report on the drain on Arthur street as complained by residents in the vicinity of Sixth and Seventh streets. The committee stated that the Hodges branch matter would be arranged this fall, and nothing could be done to the drainage until the branch is deepened and fixed so that it can carry away the surplus water.

The council did not adjourn last night but will be in session again tonight for the purpose of passing on the proposed plans for the improvement of West Market street. The plans were filed, but on account of several things not being clearer, it was decided to let it go over until tonight.

Following the session tonight, a special session will be held for the purpose of receiving bids on the collection of garbage as tonight was set aside as a special meeting for that purpose. It is understood that there will be eight bidders for the contract. Several weeks ago the contract was awarded to Otto Leever, who failed to comply with the requirements by providing \$1,000 bond, and tonight each bid must be accompanied by the bond.

Bats in the Attic Seems to be a Problem For Which There's No Cure

Continued from Page One wings and easily remain on top of water. It is said that drowning them is impossible because they are very similar to ducks.

Poisoning them is out of the question because they feed on live flies and gnats, and no one has yet devised a means of placing poison on gnats and flies though in the fairy tales there is a story of shaking salt on the bird's tail to catch it.

The suggestion has been made that concentrated lye be placed in their abode so they will burn their feet (if they have feet), lick them and be conveniently poisoned. This works with rats, but whether it applies in the case of bats is another question.

The swarms of bats (hundreds of them) have been causing Mr. Holden concern for months. They gather in the chimney and attic at daylight and there they repose until dusk when they begin their nightly prowling for food. The swish of their wings and the hideous almost human noises they make are little short of ghost-like. They hang by their claws or feet during the day and are affected neither by heat, moisture or the wind. They sway with the breeze and never lose hold. Dense smoke coming up the chimney adds nothing to their discomfort.

WEATHER NOTE
 Colorado Springs, Colo., July 6.—Snow which has been falling on Pike's Peak several days is reported to be eleven feet deep.

"While the Cat is Away the Mice Will Play"

The "BOSS" has gone on a vacation, and before he left he told the ad. man, which is me, that he was well pleased with the results of our June-July Clearance Sale, which closed last Saturday. He told me that we had gained the 1000 new customers, and as he wanted to take a few days' rest at the lake, it was up to me to see that none of them were lost while he was away.

At first I thought that would be some order, considering the hot weather and how folks liked to hunt the shady side of the house, but I have talked it over with Irene, she is the ready made clothes specialist, Elizabeth, the one that keeps the wash goods, dress goods and silks, Margaret, who has charge of all the corsets and underwear, Knowles, who says she has some fine rugs and linoleum bargains, and Ethel who says there is nothing like Wayne Knit hosiery for men, women and children, and Helen, who said she had more NOTIONS than anyone else in the house, and she could find enough bargains in domestics to keep part of the customers.

After this talk I just said, we can do it, we will just keep the customers we had at the sale and add a few more for good measure if possible. Now if you want to see how we are going to do it just watch our ads for the next few days and we all know you will come even if you think it is too hot to come out. Luther says he will deliver all your packages so you will not be bothered about carrying them.

Yours for Bargains,

FRANK.

P. S.—The "BOSS" put this note on my desk before he went away, so I will pass it on to you:

WHAT IS THE "VALUE" OF A PLUGGED NICKEL?

The man or woman who can answer that question is qualified to write the advertisement that reads something like this:

"\$2.50 Silk Hose, Slightly Imperfect — \$1.50"

It is our belief that such an advertisement is misleading. At first glance, the reader imagines that she is saving \$1.00 on a pair of hose, when in truth, she is perhaps not saving anything because she is getting imperfect merchandise.

\$2.50 silk hose that are imperfect may not be worth even \$1.50. They may be expensive at any price, depending upon the extent of the imperfection. It is clearly evident that when an article becomes imperfect, its value depreciates.

This is but one example of the many evils arising from the quoting of comparative prices. "Actual Values" are merely assumed. Conditions that alter these values are ignored, and even though merchandise is defective and consequently has depreciated in value, the comparative price is placed at the highest point that the perfect article would seem to justify.

This point of view is presented for the purpose of clarifying the advertising situation in the public mind. We are confident that when the people begin to understand this subject and demand truth in advertising, there will be a decided effort on the part of all advertisers to publish plain statements of facts.

Yours truly,

E. R. Casady.
